

	June	Today we will be ...	Notes/comments
Sat	1 st	Thinking about our favourite wild places we've been to.	Saturday of half term hols
Sun	2 nd	Students and teachers make the most of your last day of the half-term holidays by getting out and about in nature.	Sun
Mon	3 rd	If everybody picked up a piece of litter today and put it in the bin or recycling what a difference it would make to our oceans. Let's start on Walney.	Be careful what you pick up and wash your hands/wear gloves.
Tues	4 th	See if you can spot kidney vetch, an important food source for the small blue butterfly.	Be sure to let Mrs D know if you find any - please don't pick it!
Wed	5 th	Today we will be reading about Rachel Carson, environmentalist.	It's world environment day today.
Thurs	6 th	After school we will be planting wildflowers in our wildflower garden at the front of the school entrance. We need a team effort to cope with poor soil quality and lots of grass. Turn up at 3:30pm with or without seeds and plants.	All welcome! Bees and butterflies are pollinators. Both are environmental indicators. Both are in decline in the UK.
Fri	7 th	Year 11 are sitting their B2 biology exam, which covers Ecology. Good luck year 11, you've got this! Why don't you research what the study of ecology entails.	Wear it wild. Animal print socks are the item to be seen in today. We will be collecting for WWF today. Any (voluntary) donation greatly appreciated.
Sat	8 th	Let's make sure we provide our feathered friends with food and water. It's an important time of the year for birds feeding fledglings. Try fruit, seeds, cheese, dried mealworms (they love these) or even make some homemade fat blocks.	Weekend
Sun	9 th	Find something interesting or beautiful in nature. Take a photo, draw it or bring it in (nothing living and don't pick plants please).	Weekend
Mon	10 th	Download an APP (loads of free ones) and use it today. You can get APPs that identify wildlife, you can even take part in nationwide surveys. The Woodland Trust do a free one for identifying trees. The Marine Conservation Society do one for identifying and recording jellyfish. Springwatch are asking for people to do online surveys right now and bees are constantly being monitored.	Home challenge
Tues	11 th	See if you can spot a wild Walney Geranium.	Outdoor challenge
Wed	12 th	Today we will be reading about Dian Fossey, and her work with Mountain Gorillas in Rwanda.	Finding out
Thurs	13 th	Today we will be carrying out wildlife survey at sandy Gap with Eve Mulholland, environmental scientist. We will be at Sandy Gap from 3:30pm. Bring your friends and family.	We would like as many participants as possible. All welcome!
Fri	14 th	Watch a sunset. Think of 3 words that either describe the sunset or how it makes you feel.	Outdoor challenge

Sat	15 th	Go for a walk in nature. Get a family member to sign your record book.	Weekend
Sun	16 th	See if you can spot and identify a wild animal such as a bee, butterfly, bird or even seal.	Weekend
Mon	17 th	Look out for the full moon tonight. If it's cloudy, research the names given to full moons in June.	Outdoor challenge
Tues	18 th	Watch a wildlife webcam. Why not have a look at your local neighbours, the seals. There are loads of webcams to choose from. Try the wildlife trusts' website, rspb or the marine conservation society.	Home challenge
Wed	19 th	We will be reading about how being outdoors is good for our wellbeing.	Finding out
Thurs	20 th	John Muir group will be working on their assembly.	
Fri	21 st	Lunch with David. Bring your lunch (passes provided) and watch a lovely wildlife documentary. Biscuits provided free of charge.	Dinner hall
Sat	22 nd	Our own Joshua Clarke (y11) will be at RHS Wisley in Surrey for the final of Young Gardener of the Year 2019. Keep your fingers crossed for him and look out for how he gets on - see our school social media site.	Go Josh!
Sun	23 rd	Relax in your outdoor space with a cuppa. Ignore your phone and other distractions and just listen to the sounds of birds singing and bees buzzing around you.	Weekend
Mon	24 th	Bottle tops due in today. Don't forget!	Form challenge
Tues	25 th	Overall form competition winners announced and our collaborative artwork plans revealed.	The winning form will get to go out on a nature adventure later on in the summer term.
Wed	26 th	Pupils will be reading about John Muir today, the naturalist who climbed a tall tree in a storm and stayed there all night because he wanted to find out what it was like.	Finding out
Thurs	27 th	John Muir Group meeting 3:10-4:10 F36. Come along and join us if you've enjoyed 30 days wild.	
Fri	28 th	Walney Wildlife Warriors meet to have their challenge books checked and talk about their ideas for what we should do next. We will be forming a Wildlife group and I'm sure our inventive and imaginative students will come up with loads of great ideas.	I wonder what our next adventure will be... (insert picture of a bee to highlight deliberate spelling error). MEET IN F36 at lunchtime.
Sat	29 th	Try and do a day without using single-use plastic.	Weekend
Sun	30 th	Finally, do something that helps nature. You could; recycle, feed the birds, plant some seeds, refuse a plastic straw, pick up plastic from the beach, visit a wildlife reserve, write a letter to your MP, join a wildlife group, walk instead of drive. The choice is yours.	Weekend
